More Energy. More Balance. More Resilience. More YOU.

There's CBD. And there's Reed's Remedies.

PRECISE.

Each pump delivers an **exact dose** of 7mg of Hemp Oil. No more complicated math, guessing the dose of an oily extract, or pulling out a dropper in public.

FAST-ACTING.

No more waiting. Our advanced molecular distillation technology provides the most effective way for your body to absorb **full spectrum** CBD, ensuring **fast-acting** relief.

PURE.

We source the highest quality, organically sun-grown hemp. Zero additives. Zero pesticides, herbicides, toxins, and solvents. Vegan, sugar-free, and gluten-free. **Third party lab tested.**

PREDICTABLE.

We've spent years working to unlock the full potential of CBD to bring you a line of **highly concentrated** oral sprays with **consistent effects** — always the same, every time you use them.

A note from our founder

I started Reed's Remedies with one simple premise: to empower people to take back their health and live with more joy... naturally.

Named for my father, a man who imbued me with a love of the natural world and its infinite gifts, Reed's Remedies harnesses innovations in plant science to bring you reliable, safe and easy to use CBD wellness products... so that the best version of you is finally within reach. May they change your life just as they have mine and thousands of others.
